Programs are subject to change at any time.

Dog of the Month – Dachshund

The dachshund is a friendly, spirited, and affectionate breed of dog that is very popular with families. They are easily trained, personable, and very adaptable. These adorable, small dogs also tend to be quite vocal, making them good watchdogs.

Dachshunds have short to medium coats that come in a variety of colors and patterns, including black, cream, tan, chocolate, fawn, wheat, and red. Their fur is either smooth, longhaired, or wire-haired. They are known for their long bodies and short legs and weigh between 16 and 32 pounds. Miniature dachshunds

are a maximum of 11 pounds. Dachshunds were originally bred as hunting dogs and can be very brave and stubborn. Their name means “badger dog” in German, but they also can hunt rabbits and other burrow-dwelling mammals. They are commonly called wiener dogs, sausage dogs, doxies, and doxins.

Shavuot
June 4

Best Friend Day
June 8

Flag Day (U.S.)
June 14

Father’s Day
June 19

Juneteenth
June 19

**First Day of Summer
in the Northern
Hemisphere**
June 21

Flower – Rose

The rose has been called “the queen of flowers” and is known as a symbol of love. Since primitive times, the rose has been used in perfumes, medicines, and even in foods. While the sharp objects along the stem are commonly called *thorns*, the technical term is *prickles*. The prickles protect the rose from herbivores and help it hang onto other vegetation when growing and climbing. In the language of flowers, a white rose means purity, a red rose means courage, and a pink rose means happiness.

Birthstone – Pearl

Natural pearls are formed when a grain of sand irritates the soft inside of an oyster. The oyster covers the irritant with a shell material called *nacre*, which becomes the pearl. Natural pearls are very rare. Most pearls on the market are cultured, or grown on a pearl farm. Traditionally, pearls are white or ivory, but they can also be found in blacks, pinks, purples, and golds. Pearls are the traditional gift for a 30th wedding anniversary. A common folk belief says that a new bride will be blessed with fertility if she sleeps with a pearl under her pillow.

June’s Strawberry Moon

Every month has a full moon, and each full moon has a name. In January, there is the wolf moon, February has the snow moon, and March showcases the worm moon. October has the ominous-sounding blood moon. June’s moon is the sweetest, most delicious of all: the strawberry moon. Typically, each month’s moon is named to symbolize a key element of that time of year. So, April is the pink moon in honor of its abundance of heady, pink flowers. June’s strawberry moon is no different. June is prime season for the delicious red berries. Think strawberry shortcakes,

strawberry jam, and berry picking. However, depending on the climate, strawberries are in season any time between April and November, and in some places with especially warm winters, the delectable fruit even ripens in winter. In 2022, the strawberry moon will take place on June 14 and is extra special, as it is also a supermoon. Supermoons are full moons that are especially close to Earth and appear larger and brighter than average.

Red, White, and Blue

While the Fourth of July is typically associated with the American flag, June 14 is Flag Day. Flag Day honors the anniversary of when the red, white, and blue flag was officially sanctioned by the Continental Congress in 1777.

June Zodiacs

Gemini (The Twins)
June 1–20

Cancer (The Crab)
June 21–30

June is the sixth month of the year in the Julian and Gregorian calendars. The month is named for the Roman goddess Juno, who was the daughter of Saturn, wife of Jupiter, and mother of Mars, Vulcan, Bellona, and Juventus. Ancient Romans celebrated Matronalia, a festival to display their devotion to Juno, who was known as the protector of the state. Because Juno was also the patroness of marriage, many Romans chose this month to wed, a tradition that is still embraced by modern culture.
